

Wednesday Nov. 13th Board Meeting 10:30am

- Call to order. Sale is complete. Cats are finally home owners!
- Discuss management and future roles to implement in January
- Discuss status of new clinic
- Update employee status
- Overall cats update. Pleas are daily and constant. We need to focus on adoptions and truly say yes to those in dire need/imminent danger. Forward to Mn Cats in Danger FB page and keep reaching out to other rescues in your area. Consider fostering for a rescue. We can't save the world sadly 😞
- Christmas future holiday general fundraisers
- 2 veterinarians interested in being more a part of our team/dream.

Congrats to the cats! They not only have a home, they are home OWNERS!

Meeting adjourned 11:20am
